Subject -Minutes of second meeting of expert committee to address issue of Fake/.Counterfeit mobiles.

Dear Sir,

We enclose below minutes of second meeting of expert committee to address issue of Fake/.Counterfeit mobiles and seek your inputs for the same please:

Minutes of Second Expert Committee to address issues of Fake/Counterfeit Mobiles held on 4.4.2016 at Shangrila Hotel, New Delhi

The Committee noted that the nuisance of fake/counterfeit mobiles still persist and need urgent attention. Besides other options, the following suggestion came:

1. Information be gathered from mobile manufacturers/Govt. about the EMC manufacturers in India and a meeting be called with them to appropriately inform them that the nuisance cannot be tolerated and corrective action need to be taken and that Government is contemplating strict action. We may also find out if they have any issues which need attention of industry or Government.
2. For above there is need also to meet the Custom authorities at selected ports emphasizing the need in the interest of national security and also obtaining from them either directly or through RTI data of companies who has imported SKD in the last one year, so that they can be approached. This information is easily available as importer has to file excise duty certificate.
3. It was also observed that custom authorities are illegally asking for a certificate from MSAI for IMEI number based on some notification, which does not exist. Appropriately this need to be informed to Government DOT/DeITY and custom authorities.

We seek your inputs on above please.

Regards,
