MESSAGE

I congratulate All India Council for Technical Education (AICTE) on the occasion of launching of National Vocational Educational Framework (NVEQF).

The Vocational Educational Qualification Framework will allow cross mobility of students and their absorption in Industry with certain skill gained over a fixed period of time or their seamless integration into higher learning that enable them to acquire formal degree and higher skill so that they perform higher level jobs in Industry.

The sector specific national Vocational Educational Qualification Framework will provide seven levels of certification from level one to level seven, level one to two will be issued at the school level along with conventional class IX and X certificate and the further higher levels will be issued by the School Boards/ Board of Technical Education/ Universities.

I wish success of this framework which would link schools, vocational and university education qualifications into one national system.

(N K GOYAL)
President - CMAI

NATIONAL VOCATIONAL EDUCATION QUALIFICATION FRAMEWORK (NVEQF)

ALL INDIA COUNCIL FOR TECHNICAL EDUCATION

(A Statutory Body of The Govt. of India)
