Dr Mark Shujun Ma is the Founder and Chief Designer of Ark Of China .

Ark Of China (<http://www.arkofchina.com>) is the first Industrial Internet Platform oriented to lead Chinese enterprises to conduct International Investment, Industrial Trade and Economic Cooperation, to promote International Productivity Cooperation and Equipment Manufacturing Export. Through the platform Ark Of China, Dr Ma not only leads Chinese enterprises to establish overseas Industrial Parks abroad but also helps foreign enterprises to enter into Chinese market.

Dr Ma got his PhD in Economics in DUFE (Dongbei University of Finance and Economics) and his Master's degree in Dalian University of Technology, is a Metallurgist, a Professor in DUFE and Tutor of Master students. Dr Ma loves Environment Management, he also got the graduate certificate of Senior CEO class in the Environmental Management College of Tsinghua University.

Dr Ma is Vice-Chairman of China National SME Association, the Secretary-in-general of Liaoning Going Global Enterprises Alliance, member of Liaoning Provincial People's Political Consultative Conference, Vice-Chairman of Dalian Municipal International Chamber of Commerce, member of Advisory Committee of Dalian Municipal Government and Dalian Municipal Committee of CPC, Vice-Chairman of Dalian Federation of Industry And Commerce, the Executive Director of Dalian Municipal People's Foreign Friendship Association.

Throughout 26 years after graduation from university, Dr Ma has been struggling on the Frontier of International trade, International EPC project contracting and foreign investment, adhering consistently to the “Going Global” transnational operation principle. Dr Ma has established over 1000 network outlets in more than 100 countries and regions, with the functions of market development, sales, after-sale service, information collection and agency, thus formed a broad international marketing network and servicing system that covers the main countries along “One Belt One Road”, taking India, Russia, Brazil, South Africa as the key

markets.

Based on the above marketing network and service system, Dr Ma devotes himself to construct and operate the platform Ark Of China, which is the first Industrial Internet Platform in China.

Dr Ma makes business trips so often and so broad that his footprint was left in 129 countries and regions. Through these business trips, he visited more than 300 large or medium or small Steel enterprises, more than 100 aluminum plants and copper smelters, more than 200 mines, more than 100 engineering institutes and nearly ten thousand manufacturing enterprises in different fields. As for India alone, he visited India more than 200 times. In July 2013 Dr Ma was invited by former Indian Prime Minister Manmohan Singh as an honor guest to attend the 92nd Annual Meeting of the Indian Association of Commerce and Industry. The related deeds of Dr Ma was reported specially by Indian Media, known as "Xuan Zang in the 21st century" and "Indian Folk Goodwill Ambassador." Through his business activities in India Dr Ma has made quite a lot of friends in India, especially the Indian Prime Minister Modi.

To construct and operate the platform Ark Of China, Dr Ma continuously visited Google, Facebook, Apple, Alibaba, IBM to setup cooperation relationships.

Throughout these years, Dr Ma has been invited to attend more than 100 International conferences, including TMS, AIST in US, World Mobile Conference, World Internet Conference, World Environmental Conference, Summer Davos, Far East Economic Forum.

Dr Ma takes every effort to construct and operate the platform Ark Of China, with the good vision to lead Chinese enterprises to go global and introduce foreign enterprises to enter into Chinese market, to promote Sino-foreign economic cooperation, culture-exchange and civil friendship. All his efforts has been praised by many enterprises and government officials, home and abroad. In 2014 he won the honor of “Excellent Builder of Socialist Cause with Chinese Characteristic” and was met by Mr Yu Zhengsheng, the Chairman of China People’s Political Consultative Conference.
