No. IARSEMS/01/2015-WPC

Dear Shri Goyal,

I write to you regarding establishment of a National Level Research Institute on 'Radio Spectrum Studies'.

2. The National Telecom Policy (NTP)-2012 has mandated "to establish and strengthen Institute of Advanced Radio Spectrum Engineering and Management Studies (IARSEMS) as a Government Society for undertaking policy research in radio spectrum engineering/radio monitoring and related aspects".

3. A report on the establishment of IARSEMS has been prepared by Dr. Ashok Chandra, former Wireless Adviser to the Government of India, which was considered by the Nucleus Group (NG) chaired by Special Secretary, DoT. A decision was taken by the NG to circulate the Report to stake holders for comments.

4. The Report is enclosed for soliciting your comments/views. I would appreciate your views being provided latest by April 20, 2015. A meeting of the stake holders has been also been scheduled later.

With regards,

Yours sincerely,

Umashankar

(V. Umashankar)

Enclosed: A Copy of the Report

Shri N.K. Goyal,  
President, CMAI
